Dear Yun-Sheng Yen

Congratulations on completing the Cisco® **CCNA Security** course as part of the Cisco Networking Academy® Program. This hands-on, lab-oriented course has prepared you for exciting career opportunities in the technology industry.

By completing this course you have earned a Certificate of Completion for CCNA Security and acquired competencies that include the following:

- Describe the security threats facing modern network infrastructures
- Secure network device access
- Implement AAA on network devices
- Mitigate threats to networks using ACLs
- Implement secure network management and reporting
- Mitigate common Layer 2 attacks
- Implement the Cisco IOS® firewall feature set
- Implement the Cisco IOS IPS feature set
- Implement site-to-site IPSec VPNs
- Administer effective security policies

Technological literacy is more important today than ever before, and Cisco is proud to provide you with the knowledge and skills necessary to build and maintain computers.

Please accept my best wishes for your continued success.

Sincerely,

A handwritten signature in black ink that reads "John Chambers".
